NEWS RELEASE

May 13, 2009

WATER MAIN WORK ON CLUB HOUSE DRIVE

J & N Construction from Gaylord, Michigan is the contractor on this project.

J & N CONSTRUCTION plans to begin water main work on Monday, May 18, 2009. Construction will affect traffic on all of Club House Drive, the intersection of Forest Lodge Road and Club House Drive and the intersection of Cypress Lane and Club House Drive for two to three weeks. As in any construction project, weather and other conditions can affect the starting date and progress of the work.

Work hours and days: The work will occur between 7:00 AM and 5:30 PM on weekdays. There will be no work performed on Saturday, Sunday or holidays.

Traffic access: Club House Drive will be closed to through traffic. During the work hours, J & N CONSTRUCTION will close some travel lanes on Club House Drive, Forest Lodge and Cypress Lane. However, J & N CONSTRUCTION plans to keep one lane open as much as possible. J & N CONSTRUCTION will install signs and cones to alert and guide drivers around the work areas.

Driveway access: J & N CONSTRUCTION does not plan to close access to any driveways during the construction. If driveway access is affected, J & N CONSTRUCTION will contact the customers who would be affected; in advance if possible. Driveways will not be affected overnight.

Utility services: There may be interruptions of water service for up to 6 hours during the work day hours. J & N CONSTRUCTION does not plan any interruptions of sewer or other utility services. If unplanned interruptions occur, J & N CONSTRUCTION will work with the affected utility (ies) to restore service as soon as possible.

Pavement restoration: After the water main connections are complete, J & N CONSTRUCTION will have a paving contractor install new asphalt where required. The timing of the pavement work will depend on weather conditions.
